The Festival of Pacific Arts, initially known as the South Pacific Arts Festival, has grown from the 1st edition with 1000 participants from 20 countries to the Festival of Pacific Arts with close to 3000 delegates from 27 countries. The concept for a regional festival originated from the Fiji Arts Council in 1965. They envisioned a festival put on by and for Pacific peoples; a festival built upon the tradition of both sharing and passing cultural knowledge from one generation to the next. Working to facilitate this vision, the Fiji Arts Council and the South Pacific Commission (now Pacific Community) combined their resources to host the 1st South Pacific Festival of Arts, in 1972. Since the time, eleven Festivals have taken place.

This book explores the factors behind – and the implications of – the 2006 coup. It brings together contributions from leading scholars, local personalities, civil society activists, union leaders, journalists, lawyers, soldiers and politicians – including deposed Prime Ministers Laisenia Qarase and Mahendra Chaudhry. The 2006 Military Takeover in Fiji: A Coup to End All Coups? is essential reading for those with an interest in the contemporary history of Fiji, politics in deeply divided societies, or in military intervention in civilian politics.

In 1939, into the mountainous beauty of the province of Ra, a baby boy is born. As he grows, Tubuna is a boy of largesse: in heart, in wonder and in determination. These are the traits of his people and traits that guide him into adulthood where he is destined for greatness. He came into a world in the middle of a journey; maybe that is why he too is always on a journey himself, always looking for something more.

A bright young girl, who adores her beloved Nan, comes of age in the bustling city of Suva. Deeply intelligent and beautiful, Anne catches the eye of a young lecturer while working at a university, Besotted, he takes her on an adventure that spans continents and delivers a love beyond her imagination.

They embark on a life of understanding and love, a life that is disrupted during an event in 1987 when they face an unexpected fork in their path. Together, their life experiences weave the memories of their childhoods, the lessons of their ancestors, and the stories of the generations of those who came before them. Ultimately it is their own legacies, as well as those of their descendants and antecedents, that reveal the strength of a name.
