A Decade of Confrontation : Sri Lanka and India in the 1980s

Author : John Gooneratne

The Publication of Dr. John Gooneratne's book on the Decade of Confrontation between Sri Lanka and India in the 1980s is very timely, for it is now ten years since the Indian Peace Keeping Force (IPKF) was withdrawn from the island. The author brings his training and wide experience as a member of Sri Lanka's diplomatic corps to provide fresh insight into issues that have been dealt with by others. This volume a very welcome addition to the literature on this subject.

A.T.Ariyaratne Collected Works Vol:1 to Vol:7

Editor : Nandasena Ratnapala

In these seven volumes what Ariyaratne wrote during the last four decades are collected. The beginning of Sarvodaya and its gradual development are reflected here. As Ariyaratne travelled around the world the influences he encountered and how he looked at such influences are seen in these volumes. The essays are refreshingly original and they contain what man should do in order to establish peace within himself and with the world. Ariyaratne's essays are a tribute to his spiritual explorations into himself and into the world.

Buddhism, Human Rights and social Renewal

Nalin Swaris

The radical elements of early Buddhism have now been submerged by dominant social values... Yet canonical works clearly indicate that the first Buddhists raised a banner of revolt against caste, priestcraft, tyranny and social injustice. This submerged tradition can be recovered and revived. It can provide inspiration for Buddhists and others who are committed to social renewal and creation of a just and humane society.

#### WOMEN STUDIES

Challenging patterns of marriage in sri lanka

Author : Nandana Karunanayake

This book describes and analyses the changing patterns of mate selection and marriage in Sri lanka. In mate selection the focus of attention has shifted from the family to the individual. The rigid variables like caste, ethnicity, religion and family background have adapted themselves to the pressures of a market economy. The dowry system too has undergone dramatic changes. The place of traditional matchmaker (magul kapuwa) has been taken over by the medium of matrimonial advertisements in newspapers and on the internet.

Casting pearls : Thewomen's franchise movement in sri lanka

Editor : Malathi de alwis and Kumari jayawardena

This is an account of the first struggles of women for the right to vote. The 1920s was a time of political excitement and social change, a time when universal suffrage was being hotly debated and when Sir Ponnambalam Ramanathan said that giving women the vote was like casting pearls before swine. The book is an important addition to the writings on women's history in Sri lanka.
