Young women-Cambodia-Social conditions.
Urban women-Cambodia-Social conditions.
Urban women-Employment-Cambodia.
\$ 25.00

This book challenges the dominant views of these young rural women-that they are controlled by global economic forces and national development policies or trapped by restrictive customs and Cambodia's tragic history. The author shows instead how these women shape and influence the processes of change taking place in present-day Cambodia.

\$ 35.00

This is the first study ever to address the place of women in Cambodian history. A narrative and visual tour de force, it revises accepted perspectives in the history and geopolitical organization of Cambodia since c. 230 C.E. In so doing, the book examines the relationship between women and power and analyses the extent of female political and economic participation as revealed in historical sources, including the ways in which women were represented in art and literature.
