Coming to Age : An Introduction to Somali Metrics / Farah Ahmed Ali "Gamute"
Ponte Invisibloile (redsea-online), Africa 2018

288p.

9788888934471

\$ 45.00 / null

850 gm.

In this well researched study, Farah A Gamute reveals the various uses of the metrical unit in Somali Poetry and the interaction between the metrical unit, music and the language. 64 genres or measures were identified and fully analysed; the number of genres possible in Somali poetry is still being counted and three new genres have been identified while awaiting publication of this volume.

The Rudiments of Mandarin / Yan Yan Chan

Hong Kong University Press, Hongkong 2018

viii, 204p.

Includes Index ; Free Online Audio

9789888390953

\$ 35.00 / null

550 gm.

The Rudiments of Mandarin is designed for foreign students who have no prior knowledge of the Chinese language. It introduces the learner to the Chinese phonetic system Hanyu Pinyin and authentic dialogues for everyday situations. The chapters focus on interesting themes like self-introduction, campus life, transportation, shopping, food, and travel. The drills and discussions equip the learner with useful grammar and key vocabulary, both of which will help them communicate in Chinese more efficiently. The authors have also made every effort to include Hong Kong-specific elements, such as local lexical items and culture notes, in each chapter. The Rudiments of Mandarin is unique among Chinese-language textbooks because it is specifically designed for learners who are studying and living in Hong Kong.

This book is accompanied by downloadable mp3 files, which include audio recordings of the text, vocabulary, and listening exercises.

- A must-have Korean tour guidebook for K-pop fans and people planning a trip to Korea!
 - A Korean speaking practice book for traveling with essential real life expressions and vocabulary!
 - Watch video clips of a 5-day trip to Seoul and witness the Korean expressions and vocabulary being used in real situations
 - Learn about various aspects of the Korean language and culture, while picking up some helpful tips for your trip!
- Korean for K-Pop Travelers, which incorporates survey results from foreigners, is a book containing the most essential Korean expressions for K-pop travelers who have decided to make their way to Korea and also provides a guide for a trip that's best suited for their purposes and lifestyles. This book was conceptualized based on a storytelling technique, which takes K-pop travelers through 5 days and 4 nights in Seoul while on a visit to see a concert by their favorite K-pop artist. What sets this book apart is that you can see the whole itinerary for the trip and Korean expressions being enacted in video form. To do this, members of K-pop group Favorite travel to the hottest tourist spots and see, taste, and feel what these places have to offer—all captured on video. The video clips highlight the appeal of these tourist attractions and include useful Korean expressions along with English subtitles to aid in the viewers' understanding.

100 Thai Words That Make You Sound Thai - Second Edition / Stephen Saad ,Kru Yuki

Arun Press, Bangkok, Thailand 2018

172p.

9781911079149

\$ 30.00 / null

280 gm.

For Intermediate Learners

Stephen Saad has spent over ten years working, living and traveling in Thailand. He never found a book that is neither a beginner's basic book nor a weighty academic tome but a book that explains the Thai you hear every day in Thailand. So he wrote one!

A book that is aimed at those foreigners who can already speak Thai to a basic level but struggle to form longer sentences or speak naturally using everyday Thai as they do in English. '100 Thai words that make you sound Thai' gives the learner the key connecting words, time context words, comparison words, exclamations and other words that are key to forming whole sentences and describing thoughts and situations beyond basic level. Crucially, this book delivers all of this in a non-stuffy way with plenty of tips and insight as if Steve is talking to you and sharing what he has learnt over the years, rather than giving you a course in Thai grammar.

Finally, Steve has used a totally new concept involving assigning indicator icons and a scale of 1 to 5 to words to indicate the feel of the word and therefore, the appropriate context in which it should be used. For example, many words in Thai are used more by women than men and while men using these words is not against any rule whatsoever, they can sound a little strange doing so. The 'female' indicator icon highlights these words and the rating between 1 to 5 gives some indication of how feminine the word is. No other book gives learners of Thai this type of insight into the Thai language.

- Learn the phrases that are key to expressing yourself in everyday situations; not basic nouns and verbs you already know but the other words you need to construct sentences and sound credible in Thai.

- Gain insight into words through tips and indicator icons – a totally new and unique tool to impart insight into Thai words; learn the words with 'Thai-ness' to instantly impress.

- Extensive advice on not just what to learn but how to learn Thai!
